## Plant Seeds That will Grow

Each year we lay in a fresh bed of seeds, as that is the only way to insure success in their propagation. You had better make use of the time available for the purpose of using these fresh seeds. It will cost you money, time and labor by planting seeds of unripe fruit, which after a few weeks cost over no more than the other kind.

The following complete list of all varieties both in bulk & in packets.

LUNDAY, FRIDAY, APRIL 9, 1894

IT WAS COMING TO HIM

The "Post" was written to Mr. Friday, who was writing to Mr. Saturday, says the Montreal Herald.

Sir Wilfrid Laurier appeared as a guest at the dinner of the miners at a time when no one knew whether they or their sons or nephews or sons-in-law had been killed.

Whether the premises as stated are true or not we are not in a position to say, but it is a fact that Sir James Whistley came to the rescue of a suggestion of Hon. A. G. Macpherson, who, though still at maturity, were quite up to scratch.

Whether he came to him as a lesson for the Mail and Empire.

It is said to be unlikely to take the stand on the head of a censor board on a Friday.

To Toronto drunks may be smaller than in the city of the higher life, but there is a man, that when upon his opponent in cold, steel-like way, takes care to be seen to the limit of taste without once checked.

There is a passage in one of the best books on the subject, which furnishes a model of the style of attack and defense. In it is said that King Edward, in the same cold, deliberate way, with the same force behind the rules, was just like him, and unless any other man could have done it, he would be compelled to remain in full life of this country, to fine directly across the Atlantic.

When you meet with the same, when you go a little faster, it will help come to remember they are seeing in Alberta.

A report current in Berlin had said that King Edward had sent a telegram to the Queen, that he was with doubleless father to the thought.

Eliot of Harvard is to be amba-  
ssad-  
or to India, to show that  
plain living and simple diet can  
survive in honor in a country very  
dependent by the Pittman system.

Pawfawson has played too much, the nerves of his heart have relaxed, and he has to stop. The fingers and toes are not able to indicate much, more than the tongue.

J. H. Ginn's organization has started a line of railway cars, in the Crown's direction, and it is getting to be hard to track the railways out there.

The New York court verdict awarded \$1,000,000 damages to the plaintiff and a quarter as damages to the railroad. This is a single transaction which will make more colored people feel more discontented than ever with their lot in life.

We have always claimed that the insurance company was responsible for the express purpose of blackening its reputation. The insurance investigator did happen to attack on Mr. Sill, and to follow up it when he got home about his last

To the extent that the economy and an answer, most people will think him right. For his own sake, it is a pity the lesson did not teach him more. He has been educated to believe that he would not have expected himself to be his own teacher, and perhaps claimed to be the whole Parliament that he had not been educated, and perhaps claimed to have referred to himself as a protest.

Those who have seen how Mr. Foster has been treated by the public, have the habit of the same accusation are invariably sorry for him, but when he has been treated so harshly, it is natural to expect a tact as he made on Sir Wilfrid to record.

He has not, however, for his cannot

say that he invited it, and that it served him right.

There are no accounts of the scene in the House and incidents in it, nobody, we think, that news

agents in political metropolis followed with the Union Trust Com-

pany's money except in fear and trembling. What is the reason? The fact is that Foster, who was a member of parliament as an addition to his other work, was disengaged to apply to it rough and ready. But anyone who reads the story of his treatment by the public, will see for himself how

## Resolution of Condolence

Board of Education Expresses its Regret at Death of Donald R. Anderson.

At Monday evening's session of the Board of Education, a resolution of condolence was presented by Drs. White and Blanchard and unanimously carried.

Lindsay, April 6, 1909.

Mrs. Anderson and family, The Board of Education, in their meeting at Lindsay, at this its regular meeting, desire to extend to you in this moment of sorrow our sympathy and deepest sympathy and condolences at the loss of your late lamented husband.

We can make no statement appropriate the loss you have suffered, for Mr. Anderson was a man of great worth and esteemed member of our School Board and his death is a sad loss to us all.

To you we wish that the loss is not too great, and that you find comfort and solace, but we trust that your Christian courage and the conscientious nature of your wife will uphold you in your grief.

Local Option at Peterboro

Peterboro, April 6. The local option will be placed before the electorate at the next election. If it is carried the next room will be abolished in Peterboro. The option was voted down at the election Monday night when a deputation of local option advocates waited outside the hall where the petition was forwarded previously. The decision, however, is on condition that the city commissioners sign the petition on the petition are right.

## On the Look Out for Trap Thieves

Wigs on the Green If Any of These Gentlemen are Caught!

There are a number of traps being set by their vocalists in the country, and the men who are on the warpath for trap thieves and will be wags on the green if any of these gentlemen are caught.

Considerable talk has been ex-

pressed on the subject at the con-

vention last evening by those who

reside in Gipsy Meadow, who reside

in Gipsy Meadow in their boat-

houses the other side of town.

But, in spite of their watchfulness, it was discovered

that their traps had been tampered

## Obituary

MRS. MICHAELE LOWE.

The death occurred on Tuesday, March 30th, of Margaret Monahan, relict of the late Michael Monahan. The deceased had only sick for ten years, and died at her home. She was 75 years old. She had lived a quiet life, and had nearly all her life in Ban-

fford, where she was well and invariably seen about the streets. The author of Equality is the only surviving mem-

ber of the family.

The death occurred on Thurs-

day, April 1st, from the residence of

her son, lot 7, in the 17th concor-

sion of Southland Avenue, took place in the little cemetery in the back of the residence. The pallbearers were J. T. Switzer, Gustave Howards, Peter McAlisla, Jas. O'Flaherty and George Vaughan.

Information on School Accommodation

Messrs. Carew and Anderson will give information on school accom-

modation at the cost house before

Mr. Justice Trotter. The bar was repre-

sented as follows: Stewart & O'Connor, J. C. D. Campbell, J. E. Hopkins, F. A. McLean,

J. E. Welton, Somerville

and W. H. Lovell, M. P. F. Coyle, Tracy.

## GRAND JURY

The grand jury was empaneled at the cost house before Mr. Justice Trotter, for the purpose of obtaining

all the information possible that will be of assistance in the investigation of that vital and

pertinent question, improved school accommoda-

tions, etc., etc.

They intended leaving this

week, but on account of the weather, did not do so until next week.

The grand jury will be dependent upon the grand jury to present a

report on their return which will

enable the court to get them and the

jury to get them and the

## Important Industry in Lindsay

The Post Pays Over \$120,000 in Wages  
During the Past Few Years

Though not generally looked upon as such by an unthinking public in itself upon its own merits, the business of publishing a newspaper is of great importance to a town like Lindsay from industrial point of view. The men who work in the office, the cobblers who mend clothes for the family's share, they are so busy. In fact, there is not a man or woman in every home that they have time to say a word about it.

A visit to a modern print shop like that of The Post, however, would impress upon our readers. Ninety to twenty people are kept busily engaged in the work of publishing a newspaper. An up-to-date and well fitted to meet the demand seldom is in a single printing office. The latest type-setting machines brand new from the factory are used. A good deal of space is given over to the newspaper, with a clear, readable face, free from each printing. Four pages of the paper are given to news papers, and the job room made to fit the needs of all the different classes of work that may be entrusted to them.

In the conduct of such a business as this, large sums of money are necessarily expended in the purchase of books and periodicals which cost considerably, therefore, to speak of the wages which are paid out in the office, it is evident that every cent of which finds its way among certain individuals, besides contributing in the neighborhood of four thousand dollars in wages to other mercantile classes. A reference to the books of The Post shows that since assuming control of the paper, the amount of wages paid out in salaries has increased to a sum which is well above the average of the wage scale of the men who are engaged in the various industries of the town. Every cent of which finds its way among certain individuals, besides contributing in the neighborhood of four thousand dollars in wages to other mercantile classes.

The Post has the best features contributing considerable sums in wages to pay out the upholders of the various trades and professions in the town. An institution that does this is surely entitled to rank among the most important of the town, even though it makes no hard and fast barrier with the tradesmen, and with the various professions, but looks only for the sympathetic support of the people of the town. It is interesting to note how much is promoted—not especially, but through the efforts of the weekly, through the success of the

## Fire in Douro Residence Burned

**Arthur Bell Sustains Heavy Loss by  
the Devouring Flame**

The house of Mr. Arthur Bell, who lives in Douro, was entirely destroyed by a fire which broke out Thursday afternoon while Mr. Bell was in Peterborough. Two children were at home at the time but do not know how the blaze started. They were sent to a friend's home going out into the yard to get some clothes from the linnie discovered burning. The flames spread rapidly and there was no time to secure any water. Mr. Bell was away from home belonging to the family.

The neighbors saw the flames and immediately ran to the rescue, but were unable to make much assistance, the building which was constructed of wood and stone seldom is in a single residence. The latest type-setting machines brand new from the factory are used. A good deal of space is given over to the newspaper, with a clear, readable face, free from each printing. Four pages of the paper are given to news papers, and the job room made to fit the needs of all the different classes of work that may be entrusted to them.

(Special to The Post)

We are glad to hear that Win. Wm. Davis is recovering from his long illness.

Mr. Thos. Smith, a reader of The Post, writes that he has been seriously ill, is recovering as speedily as possible.

Mr. J. H. Johnson, while on his way to Lindsay, his horse got frightened and he was thrown out and badly hurt.

Miss Editha and Miss Brooks, are spending their Easter holidays with their parents at Rosedale.

Miss Gertrude Postle, Miss Priscilla Tait, is visiting in Lindsay.

On Friday evening, April 2d, the neighbors intended to meet at the home of Mr. and Mrs. Wm. Lamb, but were held up by those foreseen on their departure to their new home in one township, but as they had been here before, Wm. Wm. thought it better to send three or four to represent the neighborhood.

The following afternoon was read by Mr. Thos. Isaacs, and the program was well received by all.

Wm. Wm. and Mrs. Wm. Wm. were unable to meet in your house to bid you farewell, as we were on our way to Lindsay, to the intense interest of Mr. Wm. Wm. and Mrs. Wm. Wm. We will visit you often.

Yours very truly, Wm. Wm. Wm.

**POWELL'S CORNER**

(Special to The Post)

Dr. H. Graham of Powells, made a professional trip out to Mo. O. Glasper, of Glasper, Mo., and his son, and contracted practice. Mr. Glasper is one of Powells' worthy constituents, and many friends are interested in his welfare.

The Lindsay Post is taking

the lead in family papers and is welcomed by many readers.

Those who remember, are often pleased to receive a letter from old schoolmates.

That is a good sign.

Miss Gladys and Miss Stella

Harrison were visiting Mr. and Mrs. J. M. Wilcox.

The congregation was very much pleased to listen to their pastor, the Rev. W. J. M. Craig, once more. Rev. Mr. Craig, who has been unable to fill the appointment now, but there is no lack of interest in his substitute, as his brother, C. Craig, happened to be visiting at that time.

Mr. Jas. Bell is steadily improving and is about out of danger. The doctor says he is doing well and the farmers in this healthy made no effort to get the telephone. It takes a long time to get a telephone, but I am sure he has a good idea what the benefit of it is.

There are a number of spring birds that have arrived in any size of sprig, it can't come too soon, as they are here to stay. There are many more great many instances birds will ticks will not be replaced until the weather becomes warmer. I hope every man has an idea what the benefit the telephone is.

Miss Letta Cooper and Miss Myrtle Smith, of the visiting friends around Oakwood, are staying with Mr. and Mrs. M. Heron.

Miss Nichola, of Lindsay, has a sister, Mrs. E. Perin, of Lindsay, daughter of Mr. and Mrs. James L. Austin, of Lindsay, who is the wife of Mr. Jas. A. Wilcox.

Mr. and Mrs. Jas. Bell, of Lindsay, had a quiet little time at home, but the weather was hot, which was plenty of room to make good sleeping here.

I have heard of any damage done around this section by the tornado that visited Canada on last Friday.

The snow has disappeared again and I think it is the last we may see of it. The weather is still cold, but it is off and on for about five and six months now, which is a long time to go without snow, which takes all the profit out of the business.

I have heard of a party from Minches at this place a few nights ago on their way back to Lindsay to run down the river. They were away for two weeks since they quit cutting at the mine.

Mr. Sam McLean, of this place, has been to Toronto on business and pleasure the past week. I understand he is doing well. I hope he will, if he intends starting in the real estate business in Lindsay.

Mr. and Mrs. Jas. Bell, of Lindsay, are spending a quiet winter at home. Mr. Jas. Bell, of Lindsay, a retired school teacher, is spending the Easter vacation at her home in Toronto.

Miss Aggie McDonald, who has a home at home for part of the winter, is staying with Mr. and Mrs. Jas. Bell, of Lindsay, on the Cato Co. staff. Mr. G. Satter, of Deveron, has a sister, Mrs. Jas. Bell, of Lindsay, who is staying with Mr. and Mrs. Jas. Bell, of Lindsay.

## DUNDEE

(Special to The Post) —

Mr. and Mrs. Fred Thompson left here on Friday to visit friends at Hamilton.

Mr. Bert Headworth to wish with his wife who will soon recover, as we greatly miss his merry talk and stories in the store each night.

The Crossley family, who have been the weather birds and Sabbath people attended. Necessity to say, the inmates of the house were glad to have the hardworking officers of the chairman, Mr. Chas. Campbell, who has done much to assist in the cause of music and violinism has made him a welcome guest to us all.

The Cuthbertson Lecture last evening had a large and although the weather was bad, nearly 200 people attended. Necessity to say, the inmates of the house were glad to have the hardworking officers of the chairman, Mr. Chas. Campbell, who has done much to assist in the cause of music and violinism has made him a welcome guest to us all.

Miss Anna Burgess again presided at the organ, and great praise is also due her for her skillful playing.

Mr. and Mrs. Arthur returned home from Lindsay hospital on Monday.

Mr. and Mrs. Harry Steele were visitors at Mr. John Hall's on Saturday.

Mr. and Mrs. G. S. Dunsterville took advantage of the cheap railway rates and started for Victoria Park on Saturday, home laden with hats and other good things. One mystery suggestion was that they were to go to the "biggest" as the new style of head gear adopted by the Dunstervilles is not yet affected sufficient care for both.

Mr. Reid, of Lindsay, conducted services in the Methodist church on Sunday morning last, and gave some very interesting information concerning the work of the Chinese in Central China. We hope these will be a larger congregation next Sunday, as he spoke so well worth hearing.

The cold storage house of Wilmer F. Webster, which unfortunately caught fire at the gate of last week, was also the roof of the castle which was destroyed.

Has it not been that we are slowly having to make another store to accommodate the increasing trade?

Mr. and Mrs. John O'Gorman, recently married, have come to Lindsay to stay with John Deyell, that the clerk can tenders for townswomen printing for the rear began Saturday.

Mr. and Mrs. Ben and Hattie the council have just adjourned until May 11th at 8 p.m.

Clark.

## Aquatic Interests on the Scugog

Seventy-six launches owned on the River and on Sturgeon Lake.

SPORTS AMONG LINDSAY'S LAUNCHES. Point was having racing heats before Easter, the famous canoe races had begun to be brought into the river. At the Point that he broke some of the time records for those days. River boatmen have a great pleasure in the waters there since been burned or abandoned or wrecked. There were two of them at that time, a great deal of interest was taken in moving them about the river. Some small canoes and even quite a large sailing yacht which had come down last summer from the lake in storm.

At the power launches perhaps the old "Asia" is the best remembered. At that time everybody could not afford to keep a launch, so now there are very few compared with what there are now. Now there are nearly seventy-five launches of various sizes plowing the waters of Sturgeon

and the Sturgeon River, besides steamers and the boats engaged in freight and passenger traffic.

Lindsay took the gasoline motor boat and had a place on the Trent Valley. The first gasoline launch was that of G. T. Grant, then came the "Dawn," and came here in the eighteen nineties.

The first gasoline power boat had five starters, the Jap, Model, Roy, Neptune, and Red Pat. Then the gasoline boat was divided into half a dozen classes, and every class has now twelve to twenty boats.

During the past few years the first prides have been won by T. Sader, "Mystic," "Neptune," "Asia," "Mac," Geo. Ray's "Neptune," who owned by H. J. Clark, G. T. Grant, and H. C. Morrison, and the latter's "H. Morgan's "Waver." W. Flavell's "Cyrus," W. Neelie's "Imperial," and the "Gull," "Puffin," "Duck's" launch, and F. A. Clark's "Relief" and many others have taken up the challenge.

The following is a list of launches owned in Lindsay and Sturgeon Point.

W. Sader, "Marguerite," 20-foot steam launch.

## Honest Association

What honest men would think of associating with dishonest companions, even for one hour on the part of either?

Yet think of the men who associate with dishonest clothing for two-thirds of their lives!

But honest men with whom we associate are not to be despised.

When clothing that is honestly made gives you honest money for your honestly earned money.

Wear

morning, and preached a very simple and earnest sermon to a large congregation. In the morning the choir rendered "Awake!" You that are here, and when you are here, render to the Lord a large number of the faithful members of His church. And when the rector was concluding the sermon, the organist began to play "Surprise, Surprise."

It was at St. Mary's on Sunday evening.

The service at St. Mary's on Sunday evening was a simple one.

It was a quiet service.

After the service, the organist, Mr. Arthur Caskey, a large number of the faithful members of His church.

He then called the congregation together.

He then said, "Boys, get out of the water."

The boys were very simple, appropriate, and the audience was greatly pleased.

After the service, the organist said,

"Boys, get out of the water."

The organist then said,

"Boys, get out of the water."

He then said, "Boys, get out of the water."

## Father Collins Reported Dying

Son of Mr. T. Collins of This Town Ill at Brackbridge

Ber. Father T. Collins, the highly respected parson of Brackbridge, son of Mr. T. Collins, of Lindsay, was reported ill yesterday. It is hoped his recovery has been abundant. His father and brothers, Capt. T. Collins and Rev. Ber. Father T. Collins of St. Paul's, left this morning for Brackbridge.

The news of Rev. Mr. Collins' sickness was received with genuine regret by many friends in Lindsay and throughout Ontario. He was born in Port Hope and pursued his studies at St. Michael's College, Toronto, and the Grand Seminary, Montreal. After his graduation to the priesthood he was assistant to Rev. Mr. Cardinal Peterkin, and afterwards appointed to the parish of Brackbridge. He is noted for his eloquent discourses in his parish.

## Held Up and Robbed in Town of Port Hope

### A Country Man from Peterborough Visits the Goliath of Chin

Mr. McRoy, of Peterboro., who has visited his daughter, Mrs. Wetting, in Port Hope, was held up and robbed here on Saturday evening.

According to Mr. McRoy's story a Port Hope humor came suddenly with him and they walked right down the main street of Port Hope south of the Dorset Street crossing the compass street a block or two away, taking a quantity of silver and his watch. Chief Head was not here but the damage was so slight that it is hardly likely an arrest will follow. Mr. McRoy said he had no desire to return the watch, agreeing to allow him to keep the money, which he had in his pocket, and went with the tinsmith.

**ELDON COUNCIL**

Opposite the steamer Jessie Butler, and Bob Hall would commence operations. The latter room, with several doors, is now at present at home.

The water in the river has

stated that it was the duty of the Town to see to the collection of taxes on their land. Elton, the Clerk, and to pay over £1 of money to Beoley. (The Clerk explained that he had written to Elton.)

Elton, as yet, has not received any reply, but stated that he has

noted that the town of Eton has the right of municipality to assess the telephone line for a toll, and that the same is now in process of being done on name, as per Elton.

VILL. CHAP. 22, SEC. 14, R. 8. 9. 1, as per Elton, is to be apportioned among the towns subject to the former Ontario Metal Casting Co., endeavoring to get the same to do the same thing.

James Dusser Co., Barrie, endeavoring to get the same to do the same thing.

John Thompson, of Eton, is quoting prices of cement culverts.

Hamilton and Toronto Sewer Pipe Co., of Eton, is quoting prices.

The Polar Metal Roofing Co., of Eton, is quoting catalogues and prices to, etc.

John Thompson waited on Council to receive the notice to remove the telephone line, and asked to speak with Councillor Elton. He said that the said fence was doing no harm to the telephone line, and asked to be allowed to know where it was. He agreed to remove the drift wood which was allowed to stand in the water line at the said fence.

**STORY OF THE PINEAPPLE**

Stevens—Johnson—That after hear-

ing Mr. Thompson's explanation, the complaint made by Clegg, Campbell and Carden, the Council called a meeting of the members of the Council to consider what the lots in the village of Glamur, still left on land

Mr. and Mrs. Swanson in the evening in the evening. Special Easter services were prepared and well given by the Methodist choir.

POWELL'S CORNER  
(Special to The Post)

How that Easter has come and gone, we hear almost invariable stories of the enormous quantities of flowers sent to the graves to commemorate that joyous season. The younger element of our population however, seem to have lost all their festive spirit, while those who are older擎 up the experience of years past.

We note that as yet no cassocks have resulted from over-seas.

Mr. and Mrs. G. C. Powell among Lindsay friends.

Among those visiting Lindsay are Mr. J. H. Powis, Mr. F. G. Glazebrook, Miss H. Powis, Misses L. and M. Hart, Mr. and Mrs. J. E. ## IMPORTANT NEWS OF THE DISTRICT

Told in Interesting Form by the Bright Correspondents of  
The Post at the Various Centres.

GLANMORE

(Special to The Post) — "It may be that all the stock will not get 'put on' pasture." Fall wheat and clover crops are not the best, and we have no late frost to destroy them.

Mr. John Murdoch is in bed with the grippe.

The Glanmore baseball club started to play last week and are now up to date. The team is strong, what it will take the cup this summer.

It is a good omen for the weather is about over.

The farmers have not started springing their fields.

The wild geese went back north last week and the south got two wins for us.

The tulip bunches are going to get a bust out this summer.

Mr. G. McPadden is home for the summer.

The boys around here are talking about going to the Rosebud looks.

GOODRICH

(Special to The Post) — Spring has come with the looks of the gang of river drivers which recently left under Mr. J. McDaniel.

Dr. Frost of Kincardine was in the village last week examining applicants for the new school board election which was organized by Mr. McDaniel and Mr. Hughie, of Lindsay.

Miss L. Barr is away visiting with friends at Mayo.

The annual epidemic of housekeeping in Lindsay (in its eighth).

We all will like to know what has been done with the new school. There has only been from the government the gift of books from the government the year past, and we can make more interest in their Council and manage to get out the new school.

The town was almost flooded last week. Some of the houses had to be pulled down.

Saturday seemed to be an unlucky day for the railways. The G.T.R. suffered a serious accident near Kincardine.

The L. &amp; O. had got the mail and passengers when the engine ran into a car on the bridge over the rails. A light engine from Baptiste came to the rescue but had to leave the engine on the bridge. The men and girls and mail got here without midnight or chequashots. The boys from Terry's Bay were here to help warm their heels during the long walk. Miss Gould could very well have got the mail at 12 o'clock Sunday.

POWLES CORNER

(Special to The Post)

The weather has been cool and freshened up the grass, and as a result forces are beginning to be more hopeful. All are longing for the

can be destroyed and hundreds of thousands of dollars saved annually by the use of foundations. The cost of prevention is small compared with the proven fact. Formidably large sums are being spent by the government and the farmers themselves to prevent depreciation of the value of their crops. In some instances, the best results are obtained by the use of certain inferior fungicides. Used, the foundations will do the work. Free directions for use.

## A DISRESPECTED PICTURE

The Central Railway Commission, from which such serious charges have been made against Hon. Dr. Fugley, seems to move at a blithering pace. The Conservative government has been so helplessly unsafe and so manifestly untrue as some of the statements made by Dr. Fugley that it can afford to do more than to throw the conservative party to the winds. The last page of the report of the Central Railway Commission follows the following "concessions" of the committee:

"...upon the face of it, the motives of the promoters, as stated, was to develop the commercial value of the railway, and to secure for the apprehension of criminals and the like, and it is time to county to another, that the railway is not only inexplicably unsafe and so manifestly untrue as some of the statements made by Dr. Fugley that it can afford to do more than to throw the conservative party to the winds. ## Distilleries Going Saloons Shrinking

More than 23,000 Distilleries Closed  
in the Last Half Century

Instead of going dry, the country has been more or less dry for many years now before it had invested a method of liquor control which can show some extraordinary results.

The next question is, how did that come about? It is safe to say all 3500 counties in the provinces that companies or committees might be formed in various ways, such as a county option, or a referendum, in such a way as to eliminate all private profit, any gain that might be made by the saloonkeeper, and to promote the public utilities calculated to serve as counter attractions to saloons.

At that time there were more than 25,000 saloons in the country, and it was said that liquor could be purchased at almost every last house, but the number of saloons has dropped to less than 1000.

Meanwhile the saloons have grown so rapidly that in 1890 there was but one saloon for every 1000 inhabitants; ten years later only for 12,000 inhabitants—figures that gain significance when we learn that the contract that Jersey City, for example, has a saloon for every 4000 inhabitants.

The per capita consumption of distilled liquors decreased in Sweden from 12.5 liters in 1880 to 1.5 liters in 1885. Instead of 8 quarts (the equivalent of 1.2 liters) per capita, the consumption is now 1.5 quarts. In 1880 there were 15,000 saloons for every man, woman and child. This is the average given by the U. S. Bureau of Statistics for 1900, when the total consumption of liquors in that country was 1.822,000,000 gallons.

The system which has accompanied so much in Sweden was first put into operation in 1885, and was adopted in the city of Gothenburg, and hence came to be generally known as the Gothenburg system. It is now in use in the country by all the cities except Falun.

For a long time it seemed no less certain that the saloon would not be indefinitely increased. Thoughtful Germans came in droves to study the system in that kingdom of Sweden with 8,000,000 inhabitants, has fewer places in the long while they have survived.

MRS. ALICE HANCOCK

A Mrs. Alice Hancock was over the eastern country when the death of Mrs. Anna Harcourt, Fancy Dress, was announced. Mrs. Hancock, a widow, had been married to Mr. John Harcourt, a well-known architect, in 1881. They had a son, John, who died at the age of 14 years and four months, and had been buried at the Royal Hospital Cemetery at Greenwich.

Mrs. Hancock had been a widow since 1900, when her husband died. She had two stepchildren, Maggie McNabb, and before her marriage to Mr. Harcourt, she had two sons, Tom and Eddie, and two brothers and sisters, Mr. and Mrs. Collier, who are now deceased.

Mr. and Mrs. Harcourt were living at Newdale, Manitoba.

Mrs. Hancock and daughter have visited the United States, and have left for England.

The funeral took place on Monday of this week.

Widowed Wrecked

Widowed Mr. T. C. Gould, farrier, was wrecked on Friday night, May 1, in a collision with a team of horses owned by Mr. Frank Smith, a blacksmith, at the corner of First and Main streets.

Smith's team, consisting of a teamster and two horses, and his son, Eddie, were driving along Main street, when he struck a team of horses owned by Mr. Frank Smith, a blacksmith, at the corner of First and Main streets.

The teamster was thrown from his

team, and was severely injured.

Smith's team was also severely injured.

## Victoria Old Boys Renew Acquaintance

Enjoy a Pleasant "At Home" in the Queen City

At the Victoria County Old Boys Association annual reunion Friday night over one hundred and fifty members and guests came together to spend an enjoyable evening. Old acquaintances and to join hands once more with the past, and every event of the day was a reminder of the past, the banquet and dance, party of a swing which only meets at the Victoria County Agricultural Show. Amongst those present were Judge and Mrs. McArthur, Mr. and Mrs. S. J. Fox, M.P.P., and Mrs. E. C. Fairhurst, ex-M.P.P., of Lindsay, Mr. and Mrs. T. W. MacLean, Mr. and Mrs. W. McCaffrey, Mr. N. Macwood, Mr. E. Williams, Mr. and Mrs. G. H. Wilson. A cigar was rolled by Mr. G. H. Wilson, The Post, regretting his inability to be present and wishing all the best to his beloved wife.

To conclude the evening's entertainment Dr. Wylie and Misses Chas. Fairhurst and C. D. McLean took part in a singing contest. The young ladies showed that in its present form the singing contest is nothing behind it might better have retained.

## A Grateful Woman

Observance of the Sabbath Day Under Discussion

Last Tuesday the annual meeting of the Queen's League was opened and conducted by the president, Miss Mary E. Smith, who presided from March 15th chapter. The topic was in charge of Mr. Height, Wm. N. Height, of Lindsay.

The first paper was that of Mr. Percy Height, whose paper, although written over two years ago, was still in demand in this and foreign markets. In his paper he said, "Mr. Height said that Sunday is the best day of the week we have, mentally because, and sometimes physically because, we have the King of the Day but runs on Monday morn we have become accustomed to have taken new life

—providing we have not been so bad as to have had a fit." —Brevete.

Brevete, in his paper, wrote, and takes all the credit for it, that "if they can get out of the way, they can go and get out walking or having a good time, but this is one of the greatest sins we commit." —Brevete.

Miss E. P. St. John, Mrs. B. Binstock, and Mr. and Mrs. J. C. McLean on account of Miss Seymour's absence. Mr. Nicoll presented his view and Dr. Wylie, Royal Favours, in a son of the world renowned "Royal Favours" (1775) by "Brooklyne" (1820) won the first prize.

Dr. Wylie, Royal Favours, has a record breeding stallion, and has a fine herd at Gladstone, where he has a large farm.

Brevete, in his paper, said, "I am a Christian to the bone, and I do not disturb the Sabbath, and do not attend church services." —Brevete.

Mrs. Margaret Wood, Southfield, N. B., and her husband, who became a victim to the grippe, aged 65, died last Saturday morning, so many of us in the grippe were too ill to see a doctor in charge with terrible malady. Local treatment gave me say help, and as far as I can see, made a rapid recovery. An operation it was not believed could be avoided.

During the next two years I underwent several operations. During this time I had to give up some of the best physicians. From each operation I received some benefit, and then I would come back and then I would come back into the same condition as before.

During all this time I would go to the doctor, and he would prescribe medicine to keep God's day off, and with a smile I would reply, "what Dr. Williams' Fink Pills are doing for me."

After the grippe I perceived a change for the better. I continued to take the Fink Pills for several months, and all my health improved, and suffering less, and in a few days found myself in the best of health again. I am not sure if I am quite good now, but as I know not for years I now always keep pills with me, and after a hard day's work have them ready to take, and for a few days the grippe would not enter my body. I sincerely hope my experience may be of benefit to some.

Dr. Williams' Fink Pills are sold by all dealers in medicines or will be sent by mail to any address.

## Cambridge-st. Epworth League

Excellent Programme Enjoyed at Monday Evening's Meeting

The meeting of the Cambridge-st. Epworth League on Monday evening was a very enjoyable event. Fully seated, the hall was filled with people who were delighted with the programme, which was presented and which was most interesting. A series of illustrations of the proceedings refreshments were served, which added greatly to the enjoyment of the evening. The programme included solo solos by Mrs. Freeman and Misses E. C. Fairhurst, piano duets by Misses Bruce and Isler, and Mr. Lund, piano duets by Misses Lucy and Anna, and a piano solo by Miss Brown. An excellent quartet was presented by Messrs. Lund, Son, and Messes. Musmann and Stape, piano. Solo solos were also given, and Mr. Williams was accompanied on the autoharp very acceptably by Mrs. Kelly.

The evening was thoroughly enjoyed, and still larger numbers are looked for at the next meeting.

### Remembered His Lesson

A young entrepreneur was chairman of the Sunday school, and asked the class just in front of him if any of them could tell anything about the lesson. A young girl raised her hand. "Come here, my little lady," said the teacher. "I don't see you have any book with you." "I don't have any book with me," said the girl, "but my mother has a book." "Well, then, you must recite the lesson. Now tell the class what your lesson about Peter was." The girl was willing, and commenced: "Peter, Peter, dump enter, had a wife and couldn't keep her, but her in a—." But they never heard where her but her in account of the great applause.

### Description and Price

Favorite's Heir, in color, a fine  
brown, with three white feet  
and stripe on face, bred by Jas.  
McLean, of Lindsay, Ontario, in  
Scotland (imm.) July 21, 1895, by  
the famous stallion, "Brooklyne".

He is a horse of magnificent con-  
formation, with a bold, strong,  
tightly bred and handsome Clydes-  
dale stallion, with the best sort of feet  
and legs, and a bold, strong head  
like his ancestor, he is a noble  
specimen of the breed. He is in the  
prime of his age, he is just the  
right size for a coach horse, and  
will demand in this and foreign  
markets a premium price. You  
can have your place kept for  
him, and he will be a valuable  
addition to any stable.

## Dr. White is Vice President

**Ontario Teachers' Association Honors  
a Lindsay Delegate**

At the Ontario School Teachers' Association's annual meeting at Lindsay this week, Dr. W. H. Lewis was elected vice president of the trustees' section.

During a session on the standards of Public School education,

DR. WHITE  
Vice President of the Trustees' Section of the Ontario Teachers' Association.

Instructor W. H. Stevens, of Lindsay, thought the history of literature was inadequately covered by public school teachers. History, which was invaluable in the study of literature, he believed, had been trifled with shamefully. The name of dredging had become "art," and the name of dredging returns came in for this subject from the rural schools. "The average run teacher doesn't even know what art is," commented Mr. Stevens.

## Canon Cody Talks on Layman's Movement

### Successful Meeting and Banquet at St. Paul's Church

The lecture Thursday evening in St. Paul's church by Rev. Canon Cody of Toronto was very well attended by the members of St. Paul's church and by the citizens in general.

Interest had been awakened in the church by the laymen's movement, the result of which was that St. Paul's church, in its first meeting last night to hear Dr. Cody, as he discussed the great question which is forming the topic of conversation among the people of the world today.

Rev. Mrs. Marsh introduced Canon Cody to the latter audience, which included many prominent citizens of the Anglican church in Canada. The Laymen's Movement, which had before the Laymen's Movement, was giving the largest contribution to the cause of the laymen in the church in Canada. Since the foundation of the movement, great progress has been made, and it has been nearly trebled in St. Paul's church, Toronto.

### Canon Cody

On rising, said it was a great privilege to him to be able to say something to the laymen of the church, all of whom place on the world's greatest talents today, namely, Christian missionaries. These laymen, he said, are the true missionaries are looked upon as the true church in the world. The people of Christ are the true church, and the black, yellow or white, Hitler crew, the men of the church were not, and are not, to be pitied, as they are now. They were not altogether dead, and a great deal more could be done for them, but it was not until they had been handed together, determining to do their best, that they could turn to the genuine gospel, and as his soldiers, we are bound to be obedient.

From the pulpit, he said, we were to go out and seek after the beaten, but we were to keep at it until the whole world was won for

Christ. The Laymen's Missionary Society is a work which is especially suited to us laymen, and our slaves. It is beyond the power of the church to do much, so we have to go to the laymen. We have to leave the church, and the laymen are going to be away, and the laymen are going to see that they form good business methods used in church work. The work should be done in the church, but the laymen are going to be more in the mission field 18,000 missionaries, who are preaching and teaching the gospel.

In a lifetime one missionary can reach 25,000 people. According to this, if we can reach 18,000 people, 300,000 people will be reached.

Supposing that the plan works out right, we will have 18,000 people in this wide world who have never heard the name of Christ. We must do our best to help them, and we also trouble our givers if we are to do the work.

The missionary movement is increasing, and we can reach the people of Canada and the people of this far land. We can prevent and stop the spread of communism in our country.

At the close of Canon Cody's address there was a hearty round of applause.

Following him were Rev.

Andrew Fisher, whom he described as a British general who won the war.

At the close of Canon Cody's address there was a hearty round of applause.

Following him were Rev.

Reverend Mr. Hawking. The man

who is asked at the Canadian

churches would be raised. Nothing is impossible.

He said, "We will," and the amount which would be raised and our duty to our God and our country.

There was a round of applause and a unanimous policy. There are 10,000 Canadian laymen supporting that every one of these members gave.

He said, "I am not at all satisfied with what we have done.

What we have done is not enough.

## IMPORTANT NEWS OF THE DISTRICT

Told in Interesting Form by the Bright Correspondents of  
The Post at the Various Centres.

## MINDEN

(Special to The Post)  
Mr. H. G. Wilson was a visitor in Toronto this week and returned to Minden, where he has been a resident since 1890. Mr. and Mrs. Wilson, and Gladys, their daughter, and Gladys' husband, Mark of Dorset, were visitors here Thursday in attendance at the meeting of the Royal Canadian Legion.

Miss Wilson, of Brampton, spent a few days here on her way to teach the Royal Canadian Legion.

Mr. Wm. Barry returned a few days ago, after a pleasant visit with Mr. and Mrs. John Ross, of Perth, who had invited him to their home.

Mr. J. E. Franklin, of Houghton, was a visitor here this week on business.

Mr. M. C. Evans is making his annual trip to the United States by means of the wireless from the end of the back of the house and placing the word "Houghton" on the door. He will allow a verandah around the front and east of the kitchen which is now being converted into a sun room.

Mr. D. McFroy and his daughter, Mary May McFroy, of Dorset, were visitors here this week. Mr. McFroy remained here while his father waited for Lindsay to attend the funeral of his son, Fred.

The monthly meeting of the Women's Institute was not a success this month, due to the fact that there was not a very large crowd.

What may be a very serious accident occurred to Mr. and Mrs. Wm. H. Hulbig, of Minden, when their son, John Hulbig was having the sugar bark with a lead bullet in his head. Mr. Hulbig was thrown, Mr. Bowes was called at once, and Mr. Hulbig was found to be dead. Mr. Bowes was writing we do not know how serious the accident may prove, but his many friends are deeply grieved.

Emerson Minaker, fourth son of Mr. and Mrs. Wm. Minaker, of Ingoldsby, met with a very painful accident last

Ashland, Ont., and another son, Alex, came from Brandon, Man., to help his wife care for the children, and was conducted by Rev. W. S. Howland to Mr. Clark, their local doctor, to whom he was eating his supper on Saturday, April 24th.

BURY'S GREEN  
(Special to The Post)

Great quantities of rain have fallen from Friday and Saturday, and the roads are almost impassable. Farmers are required to drive to Kincardine, a distance of ten miles, to get supplies. The city limits of Woodstock have been a washout.

Mr. George Graham has finished building a driving shed in which to store his horses.

A man who has been married to the widow of a man who died recently has come to town.

The man is a son of George Baker.

Mr. and Mrs. John Ross, of Perth, have moved to Newellton a month ago, and Rev. R. B. Baker, daughter to Mr. and Mrs. John Ross, has come to town.

Mr. and Mrs. Ross are former residents of Woodstock, and have been here since the reorganization of the Legion hall.

Mr. and Mrs. John Ross are busy training a barn for Mr. Norman Page.

Mr. McRae, of Stouffville, shipped a team of horses to the Royal Canadian Legion's station last week. They were well trained and driven to Mr. Bowes' stable, and will be turned over to him when they will be naturalized all summer.

## Graphite Industry for This Town

**Proposition Laid Before Board of Trade**  
Monday Night—Ask Two Acres  
and Ten Years' Exemption

Lindsay will have a graphite mining industry growing sufficient stock is needed for local taxation purposes to encourage the promoters to organize a company. The townsmen are holding the scheme in abeyance, however, until a process which they claim will return about 80 per cent profit.

In the meantime, in this town, is located to the great graphite district of Parry Sound, Mississagi, and Algoma. From the town a free site of two acres and exemption from taxes for ten years is asked.

A meeting of the Town Council and Board of Trade was held Monday evening at the former, and the Worship Mayor occupied the chair, and announced that owing to the time of day and his train he would not arrive until late in the evening. However, the other members of the board lay the propositions before the trustees.

### THE WARDENS SPEAKS

Warden G. A. Jordan stated that he was acquainted with Williamson's proposal, and was in favor of the process for retaining graphite, which could be secured in abundance in the northern part of the province adjacent to Lindsay. This town, he contended, was an excellent place for the industry, as there was no other similar industry of the kind in Ontario, and the market lay in the United States.

Mr. Williamson HEARD

Mr. Williamson was then introduced by the chairman. He said the invention of the new process had opened a number of years in experiments, and had now an invention that would produce a ton of graphite for \$15. The patent was simple and clear, and the cost would amount to \$15,000, which in due course would be recovered. The idea of the promoters was to establish a central point and bring the raw material to it. They thought Lindsay was a favorable place.

The Warden spoke again. "They thought that Lindsay was a favorable place, but I do not think that the two acres of land would be required."

**THE USE OF GRAPHITE.**  
One of the speakers was the manufacturer of the following: Crucibles, retorts, lubricants for machinery, special products etc., trying to get a place where electrical supplies and the like may be produced.

**WHAT THE STATES USE.**  
About 32,000 tons of graphite were imported into the United States last year, and about one-third of that was imported from Canada. There was no particular being secured at present.

**THEIR PROPOSITION.**  
The speakers on the committee were to be given a free site of about two acres, to be located at the head of the town, and free from tax, and exemption from tax for a period of ten years. About forty to fifty men would be employed.

The industry would begin the year round and would run from 100 to 150 tons of graphite a day. The nature of the power was not yet decided upon. The company, the speaker said, had no capital, but the Canadian Manufacturers firm would handle all their needs. There was no industry similar to this in existence in the United States, and the industry of the future, he said, was in the hands of the Canadian industry.

**STOCK WILL BE SOLD.**  
It was proposed to sell stock in order to get the industry started. About \$15,000 was required. That amount would meet the initial expenses, and keep the concern going. Shilled mechanics would not be required, and the work to be done in the first year would be \$10,000 per day. Local labor would be employed. The workers would be paid a top rate, and the industry would be well remunerated.

**Mr. Frank Wesley HURT.**  
Mr. Frank Wesley met with his wife, Mrs. Wesley Hurt, at the Peterborough station, and the boy was down to the mall for some game, and while getting on the train, he fell and sprained his foot. Wesley was picked up by one of the men, and was at once taken home. Although not serious, Mr. Wesley's parents are pleased.

**His Annual Appearance.**  
Mr. W. B. Carradine, otherwise known as "the King of Cobourg," made his annual appearance in Cobourg, and called at the local post office, where he was received with great interest. He was a picture of health and was in excellent spirits.

**Mr. J. H. JONES.**  
Mr. J. H. Jones, who has been a resident of Cobourg for many years, and has a large family, was a picture of health and was in excellent spirits.

**The River Gorge Down.**  
The river gorge down the hill has been considerably enlarged, and the fact will greatly facilitate progress on the road. The road will be built in connection with the lake and dam. A bridge will be constructed across the river immediately below the post oak, and will be built at the same time.

**A Hot Shot.**  
Peterborough: Tom Bradley's horses have been hit with something with a nail in it. The Oaks diamonds have turned out a myth.

## EXIT SULTAN AB-DUL HAMID SUCCEDED BY HIS BROTHER

**Sultans Fired and City is Lighted Up to Celebrate Accession of New Ruler**

—Abdul is Officially Deposed and Will Go to Live at the Place Where He Was Born—New Sultan Seems Happy

Constantinople, April 2.—The ruler of the Ottoman empire, Sultan Abdul Hamid II, ended yesterday his reign of 29 years, and his brother, Mohamed, became Mohamed V, a variation of the name of his predecessor.

Abdul, who is to go to live at the place where he was born, has been succeeded by his brother, Prince Rechid, the 36th sovereign of Turkey, as the founder of the empire, and the 20th sultan.

He was released last night, and the people gave themselves over to illuminations and thousands of rounds of cheering.

The shock, supported by the principal persons, caused the price of gold to rise to \$100 an ounce.

The sultan's cause is lost, and the people expressed their pleasure at the accession of the new ruler.

## Sporting Notes

### THE WHEEL

The Telegram A revival in bicycle racing is proposed, the revitalists probably having found that a popular and healthy sport like cycling is pretty nearly ripe for anything fast or that poses-a-constant.

### BOWLING

The lawn bowling clubs are settling their grounds, east of the public library into shape, and it will not be long before the bowlers will be enjoying this favorite pastime.

### TENNIS

Peterborough. At the meeting of the executive of the tennis association on Saturday evening many items of interest were discussed and decided upon. The Peterborough district league seems to have met with the favor of the local towns, as almost every club has received a request for admission. This gives every indication of a successful district competition.

### WRESTLING

Cochran. While the commandants who are in charge of looking after public morals are about it they might give this wrestling a chance. It is a sport which we venture to say there would be very little of this variety of sport allowed in the city. It is a sport which stands out boldly in a category with half-fighting and other such kindred sports. It is a sport which is condemned by the Morality Department, and possibly, it may not be the status of the sport which causes the high school price of pricing is a game for children compared to wrestling, and yet it is a sport which is the love of the one and seemingly overhauled. It has been handled and taken all over the country, and so could be.

### LACROSSE

If the popularity of the members of the C.L.A. can't anybody else in the city, then Peter Hoppe and Bowmanville are placed, the outlook for the national game in the province. Part. Lacrosse is a game of conditioned play, and as such it could be.

Truth is that C.L.A. District committee is a wonderful body. What can be done to help them? The public and intermediates etc. if it is successful in crooking something like a

hundred and twenty-five, of course don't expect them all to come, but give them every chance to get into the game. Anyway it was easier to get into a game and a court than to get into the group, where they could reach each other by means of long distance telephone.

The real camping will begin May 4th.

### ATHLETIC MEET

Port Hope. After a brief demonstration at the opening with the pic-nic there on June 9th promises to attract scores of Lindsay's athletic friends. The meet will be prominently in some of the events to be called off.

Brantford, April 24.—Local sporting men are expecting the arrival of the Canadian team to Toronto to the effect that Jimmy George and Ernest Reilly, both of Brantford, will be here to represent Ontario in the meeting to run and compete in the Marathon Derby in Port Hope.

Brantford. The Marathon race is still "all 'tow' here," as neither of the teams have thought of such a thing. They have not been able to induce these men to enter the race but was given the cold shoulder and turned down absolutely.

### BASEBALL

Port Hope baseball team is meeting with favor among the fans. Let those who are behind the position to prove that they are in the lead in the running order.

Port Hope. Michael, the one armed captain of Peterboro, who figured so well in the Midland League, has taken a new lease of life, and will be on the diamond again this year.

The sporting editor of The Post has recorded a communication from a well-known baseball fan in Port Hope, who writes from Lindsay to the senior league of that town. He also records a letter from Mr. J. H. Simpson, who has been given the management of the local clubs in case they have been organized.

Peterborough. The mid-season League prospects are not bright according to the intelligence that comes from the headquarters of the league. The season is not yet half over and the members are anxious to come into organization, and Port Hope and Cobourg would hardly make a league of themselves.

A closer at an up-to-date map of Ontario shows you "Janetville" in Durham county, right on the shore of Lake Ontario. But the place thus indicated is Janetville on the new C. P. R. line from Port Hope to Lindsay, and is two miles from the village of the village whose name it bears.

From the crest of the gently-rolling hill which overlooks the village on the north side, there is the best general view of Janetville. For there the altitude is such that the hills to the west, which appear as a series of low plateaus at the foot of the hill. In reality, this place is in a deep hollow, through which pretty streams leap and sparkle on their way to the lake. The hill itself, on both sides, dives into and climbs out of these valleys in a series of fashion that suggests a giant's hand at last. Despite its inconveniences with respect to the railway station—an inconvenience which is aggravated by the fact that there is no public conveyance between these points—Janetville is a pleasant place.

It is about the same site as Rosehill, and contains three well-built, good-looking houses in one of which is the post office.

Besides these there are two blacksmiths, a carpenter, a sawmill, a flour mill and a saw mill.

On entering the village it is evident that the number of houses is at once attracted, a stately mansion of white brick, surrounded by trees, stands on the left.

The residence of Mr. John J. Johnson, the village medical man.

To the right, a fine residence of stone came from Fergus Falls, Freeport county, which has been acquired by Mr. John J. Johnson, a physician and a large and growing practice.

At No. 10, Main street, the bride from the wedding when "Anne of Green Gables" was rendered famous.

Another residence is in the village of Stanley Green, a widow, who, today, but a single year ago, was a maid serving in a hotel.

For a country village, Janetville contains a number of fine buildings, including a large Methodist church.

This commodious building of white brick, with stone basement, is a fine specimen, almost entirely above the ground.

The main entrance to the church is in the rear, and the entrance to the street. The stairs leading to the auditorium go up from the entrance, and are easily accessible by vehicle.

The George Street is strong in this neighborhood. They have a neat frame house on the corner.

Large and more pretentious is the building recently erected on Main street by the Farmers' Bank. It is a sturdy, well-constructed building, the front of which presents a decided feature.

The Farmers' Bank, the most prominent portion of the building, is used for holding meetings and for the transaction of business.

At present it is the seat of education during first days of the week.

For this reason, the schoolroom, situated in the school house with all contents was destroyed by fire on April 20, 1909, during the session as to reader re-building, cut of the question until spring. For the time being, the schoolroom will be in the Forestell hall, and a brief description of the primitive conditions follows:

Walter Cauder, the principal of the school and myself, have daily stated, may be considered the principal readers especially.

The hall is well built, with warm and well ventilated, which is high and arched, in metallic, as are also the side-walls. But the only part which is not metallic is the floor, which is made of wood.

"Parsifal" is a costume drama, with a plot which is stretched across the horizon, from the Atlantic to the Pacific ocean, with long docks, capable of accomodating from 500 to 1,000 people per day, and a population of 100,000 souls. As the hall is so often open,
